Step 1

Place a straight edge from cushion to cushion and measure the height from the floor to the top of the straight edge.

Seat Height: _____ inches

Step 2

First measure the seat bottom width from inside armrest to armrest. Then measure the full width of the seat.

Seat Bottom Width: _____ inches

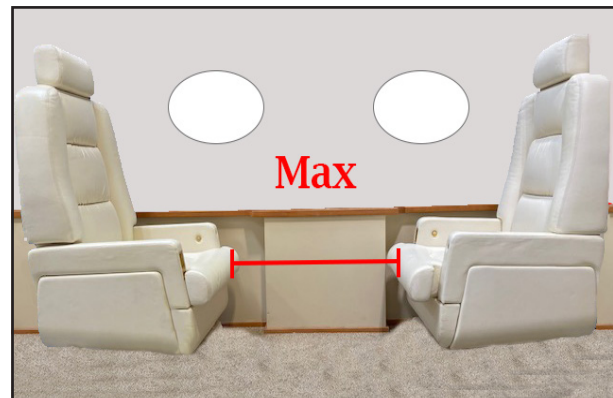

Full Seat Width: _____ inches

Step 3

Position the seats at their max distance and measure from seat end to seat end.

Max Distance in between seats: _____ inches

I certify the measurements above are correct and understand the JetBed sold to me will be based on this form.

Name: _____ Date: _____
